DETAILED ACTION

1. This Office Action is responsive to Amendment filed 04/18/2007.

Claims 1-3, 5-6, 8-14, and 16-24 are presented for examination. Claims 1, 6, 12, and 21 are independent claims.

Election/Restrictions

2. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-3, 5, 12-14, and 16-19 drawn to identifying the name of a song input by a user, classified in class 84, subclass 611;
 - II. Claims 6, 8-11, and 20 drawn downloading and playing a voice clip at a client machine, classified in class 715 subclass 501.1; and
 - II. Claims 21-24 drawn controlling voice clip playbacks, classified in class 84 subclass 150.
3. The inventions are distinct, each from the other because of the following reasons:

Inventions I, II, and III are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of

Art Unit: 2176

operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case, invention I has separate utility such as *inputting a voice clip of a portion of the song into a microphone*; invention II has separate utility such as *compiling the voice clips in the playlist for distributing to plural user*; and invention II has separate utility such as *preventing repeat playback of given voice clip to a particular user*.

4. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.
5. Applicant is advised that the response to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
6. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
